School Employee Health Care Benefits

SENATE COMMITTEE
SERVICES

WASHINGTON STATE

Ways & Means Committee

Amanda Cecil November 14, 2018

A Brief History

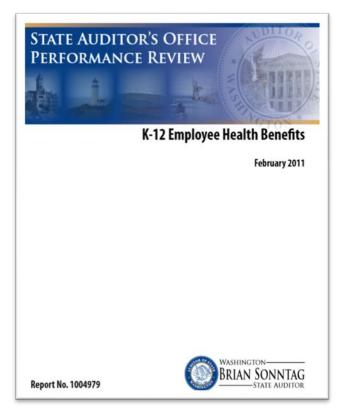

2011 SAO Performance Review of K-12 Employee Health Benefits

 In 2011, the State Auditor's Office published a performance review of the public school employees' health benefits.

Key Findings:

- Premiums for full-family coverage are on average much higher than single coverage.
- The current system for funding is complex and confusing.
- Significant savings are available from standardizing coverage and restructuring to a statewide program.
- Main recommendations:
 - Streamline the benefits array to improve efficiency, transparency, and stability.
 - Standardize coverage levels for more affordable and equitable health care benefits.
 - Reduce costs by restructuring the health benefits array.

ESSB 5940 (2012)

Goals:

- 1. <u>Improve transparency</u> to assure prudent and efficient use of taxpayers' funds at the state and local levels.
- 2. Create <u>greater affordability</u> and greater equity between <u>full family coverage</u> premium costs and for employee only coverage.
- 3. <u>Promote</u> health care <u>innovations</u> and cost savings, and significantly <u>reduce</u> administrative costs.
- 4. Provide greater <u>parity in state allocations</u> for state employee and K-12 employee health benefits.

Reports:

- Office of the Insurance Commissioner report annually on school district health benefit plans.
- HCA –Analyze options for consolidating K-12 employee health care.
- JLARC Report to the Legislature on school district progress towards goals.

2015 HCA K-12 Employee Benefits - System Consolidation (ESSB 5940 (2012))

Key Findings:

- Consolidation would achieve the legislative goals, including more equitable premiums for employees.
- Both PEB and SEB
 consolidations would result in
 higher employer costs but the
 SEB consolidation was probably
 less costly than a PEB
 consolidation with less impact
 on PEB members.

Report to the Governor, Legislature and Joint Legislative Audit and Review Committee

K-12 Employee Benefits— Equity, Affordability, and the Impacts of System Consolidation

June 1, 2015

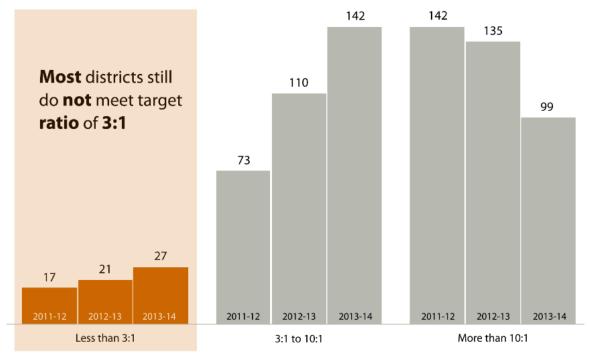

A report to the Legislature in response to Engrossed Substitute Senate Bill 5940 (2012).

2016 JLARC Report: K-12 Health Benefits (ESSB 5940 (2012))

Key Finding:

- School districts and collective bargaining units have made slight improvement in equity and affordability for full-family coverage, but most have not met target.
- Consolidation and other options may improve equity and affordability.

Source: JLARC staff analysis of OIC data. Of the 295 districts, data was available for 232 districts in 2011-12, 266 districts in 2012-13, and 269 districts in 2013-2014.

SEB Board and Benefits Consolidated

- In 2017, as part of <u>EHB 2242</u> school employee health care benefits were consolidated under the newly created School Employees Benefits (SEB) Board, administered by the Health Care Authority (HCA).
- Starting January 1, 2020, all districts and charter schools must provide eligible employees with health care and other insurance benefits through the SEB Board.
- Like the Public Employees Benefit (PEB) Board, the SEB Board will design and approve insurance benefit plans for school employees, and establish eligibility criteria for participation in these plans.

SEB Progress Report - Major Accomplishments

- Collective bargaining tentative agreement reached
- All benefit procurements completed and contract negotiations in process
- Board established preliminary benefit design for medical, dental, vision, life, and disability insurance benefits
- Board adopted core eligibility policies and rules filed
- HCA started building an online enrollment system
- HCA continuously engaging with key stakeholders about progress

SEB Progress Report - Upcoming Milestones

- Rate development to inform legislative budget process
- Final execution of contracts with all carriers
- Complete IT build and perform testing of required integrations (e.g. payroll) with school district partners and carriers
- After the budget is enacted, Board refinement of benefit designs and setting employee premiums
- Initial open enrollment in Fall 2019
- Benefits launch January 1, 2020

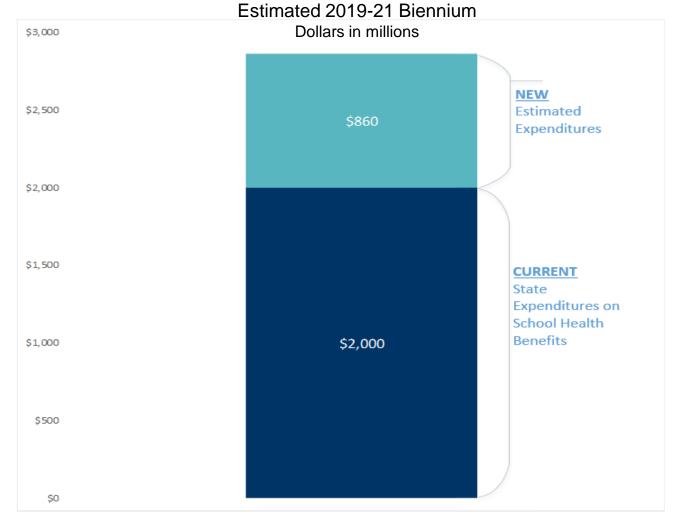

What Does the SEB Program Cost?

Estimated cost based on the 2019-21 tentative collective bargaining agreement.

Financial impact of SEB

SEB Fiscal Impact to the State

Incremental SEB Cost

Components of SEB Fiscal Impact to the State (\$860 million)

Estimates for the 2019-21 Biennium All Dollars in Millions

■ Wellness (\$10 million)

- Benefit Allocation Factor Funding ratios of 1.43 and 1.02
- SEBB funding rate (excludes wellness & GF loan) \$1160 PSPM in CY 2020, \$1165 PSPM in CY 2021
- General Fund Loan Repayment (\$10 million)
- PEBB funding rate (ESSB 6241) \$1023 PSPM in FY 2020, \$1083 PSPM in FY 2021

Laws of 2018, Ch. 260, § 33 (SB 6241):

The monthly insurance benefit allocated to school districts for state-funded staffing assumptions in the 2019-2021 biennial omnibus appropriations act must be funded at a rate that is no less than the per employee per month funding rate provided to state agencies for state employee benefits.

| FY19 K-12 Allocation Rate: | \$843.97 |
|----------------------------|------------|
| PEB Rate FY20 | \$1,022.87 |
| PEB Rate FY21 | \$1,083.11 |

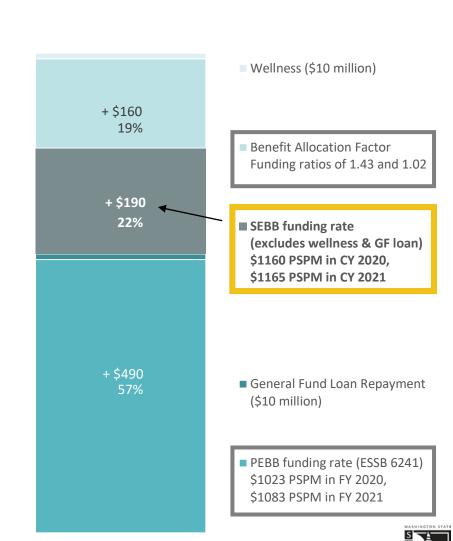

Ways and Means Committee 13 11/14/2018

SEB Cost - SEB Funding Rate

- SEB employer premiums are set at 85 percent of an 88 percent actuarial value plan. PEB is 85 percent of the weighted average.
- Initially SEB premiums include an amount necessary to build reserves.
- SEB enrollees are expected to have more dependents than PEB.

| | FY20 | FY21 |
|---------------|------------|------------|
| Est. SEB Rate | \$1,160.00 | \$1,165.00 |
| Est. PEB Rate | \$1,022.87 | \$1,083.11 |

 Historical multiplier of 1.152 for classified staff

 State-funded classified staff unit allocations will be multiplied by a factor of 1.43.

 State-funded certificated instructional staff unit allocations will be multiplied by a factor of 1.02.

SEB Cost - Benefit Allocation Factor

- Historical multiplier of 1.152 for classified staff only
- State-funded classified staff allocations will be multiplied by a factor of 1.43.
- State-funded certificated instructional staff allocations will be multiplied by a factor of 1.02.

CRUDE EXAMPLE OF WHAT THIS MEANS:

The multiplier will not change the actual cost of health care for basic education staff – what changes is the source of funds.

MULTIPLIER = 1.152

MULTIPLIER = 1.43

- Applies only to basic education staff units. Districts will be responsible for the cost of non-basic education employee costs.

SEB District Costs

- Full cost of basic education employees is expected to be covered with state funding.
- District cost for locally-funded staff positions is unknown at this time.

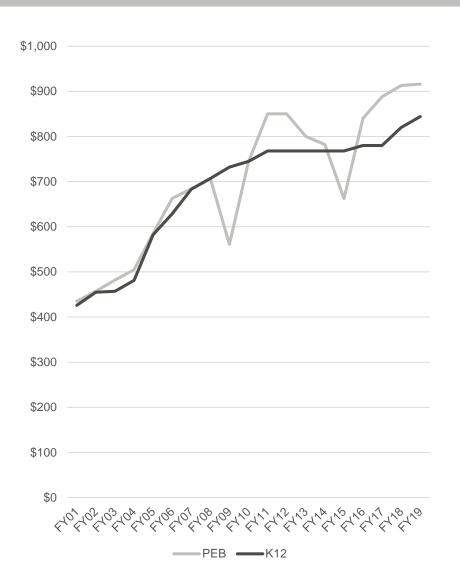

Cost? I thought this saved money?

- Overall system cost may decrease
 - Reduced administrative cost
 - Lower per employee cost due to one large pool
- Cost is shifted from employee to employer
 - Many employees, i.e. full-families, will have lower premium cost
 - Some employees, i.e. single coverage, may have higher costs
- Additional covered lives
 - Some employees that had opted out of coverage or only covered themselves will take full family coverage

Appendix

Historical K12 Rates Compared to PEB Rates

| | PEB | K12 | Difference | |
|------|-------|----------|------------|--|
| FY01 | \$435 | \$426 | -\$9 | |
| FY02 | \$457 | \$455 | -\$2 | |
| FY03 | \$482 | \$457 | -\$25 | |
| FY04 | \$505 | \$481 | -\$24 | |
| FY05 | \$585 | \$582 | -\$3 | |
| FY06 | \$663 | \$629 | -\$34 | |
| FY07 | \$684 | \$683 | -\$1 | |
| FY08 | \$707 | \$707 | \$0 | |
| FY09 | \$561 | \$732 | \$171 | |
| FY10 | \$745 | \$745 | \$0 | |
| FY11 | \$850 | \$768 | -\$82 | |
| FY12 | \$850 | \$768 | -\$82 | |
| FY13 | \$800 | \$768 | -\$32 | |
| FY14 | \$782 | \$768 | -\$14 | |
| FY15 | \$662 | \$768 | \$106 | |
| FY16 | \$840 | \$780 | -\$60 | |
| FY17 | \$888 | \$780 | -\$108 | |
| FY18 | \$913 | \$820 | -\$93 | |
| FY19 | \$916 | \$843.97 | -\$72 | |

SEB Eligibility by Hours Worked

- School employees must be anticipated to work 630 per school year in order to be eligible for SEB coverage.
- This is a different proportion of a full-time equivalent (FTE) for different types of employees.
- FTE hours worked by week or year are not defined in law but are used for funding purposes. Actual hours worked by employee type may vary by district and collective bargaining agreement.

| Employee Type | FTE | FTE Hours/Year | Eligibility of an FTE |
|-----------------------------------|--|-------------------|--------------------------|
| Certificated Instructional Staff | 7.5 hours per day for 180 days per year | 1,400 | 0.467 |
| Certificated Administrative Staff | 7 hours per day for 220 - 260 days per year | 1,540 - 2,080 | 0.303 - 0.409 |
| Classified Staff | 40 hours per week for 52 weeks per year | 2,080 | 0.303 |

SEB Coalition Bargaining

 The law directs that the Governor and one coalition of school employee unions bargain over the dollar amount to be contributed for school employee health benefits on behalf of each employee for health care benefits.

An anticipated

200,000 – 300,000 employees and dependents in

over 950 bargaining units

represented by

137 unions or associations

across

294 districts

- The chief spokesperson for the coalition is anticipated to be Shawn Lewis with the WEA.
- Other representatives included SEIU 1948-PSE, Teamsters Joint Council 28, SEIU 925, AFT Washington, IUOE Locals 609, 280 and 286, and the AWSP
